## **New Business**

### **Financial Report**

Tim Unterwegner reported that the finance committee met on Monday, January 26, and reviewed the financials. He asked Mike Ellis to present a summary to the Board.

### **CFO Financial Report**

Mike presented the financial overview, noting that November volumes were lower than budgeted due to fewer working days and holiday schedules. Although expenses also decreased, the reduction was not sufficient to fully offset the revenue loss. After accounting for the property tax subsidy, November ended with a \$49,000 loss. Year-to-date, the loss stands at \$107,000, which is near the budgeted loss of \$200,000. Property tax revenue represents about 5% of total revenue and plays a critical role in supporting operations. The cash position was discussed, with approximately \$77,000 needed daily for operations and 91 days' cash available at the time of the meeting.

Amy announced the resignation of Board Member Nick Stiner. The board will post the vacancy and appoint a subcommittee at the February meeting to review applications, with a recommendation expected at the March meeting.
